Report on Visit to Bhigwan Bird Sanctuary & Wetland Ecosystem.

Sr. No.	Item	Particulars
1	Date	23/01/2026
2	Name of Event	Kumbhargaon & Bhigwan Bird Sanctuary Visit
3	Venue	Kumbhargaon & Bhigwan
4	Time	6:30am to 08:00pm
5	Duration of the programme	One Day
6	Expense	14,000/-
7	Source of Financial Assistance	Self
8	Name of resource person	-
9	Name of coordinator	Prof. D. N. Birhade
10	Number of participants	10 Students + 02 staff
11	Copy of the programme	-
12	Curricular/Co-Curricular/Extra-Curricular	Academic & Extra- Curricular
13	Activity belongs to Which Criteria of NAAC	IIIrd

A study tour was organized for the students of S.Y. B.Sc. on 23rd January 2026 by the Department of Zoology, Hutatma Rajguru Mahavidyalaya, Rajgurunagar. The tour was conducted as per the syllabus of Savitribai Phule Pune University with the objective of providing practical exposure to students regarding biodiversity, especially fish and birds diversity, and wetland ecosystems.

A total of 10 students and 02 faculty members participated in the field visit. The tour was organized under the guidance of Head, Department of Zoology, Prof. D. N. Birhade, along with Prof. D. R. Borhade.

The study tour was conducted at **Bhigwan Bird Sanctuary**, located in Solapur district, Maharashtra. The sanctuary is situated near the backwaters of the Ujjani Dam on the Bhima River. It is a significant wetland ecosystem and is popularly known as the "Bharatpur of

Maharashtra” due to its rich bird diversity. The study visit was organized to understand the **ecological importance of wetlands**, observe bird species, and learn about conservation challenges associated with such ecosystems.

Students observed a variety of bird species, including both resident and migratory birds, which highlighted the ecological significance of Bhigwan as a wetland habitat. The visit helped students understand: The role of wetlands in supporting biodiversity. The interrelationship between fish, insects, and bird populations. The importance of water quality and habitat conservation. The impact of human activities on wetland ecosystems. The study tour to Bhigwan Bird Sanctuary was highly informative and successful. It provided valuable field exposure to students and fulfilled the academic requirements of Savitribai Phule Pune University. The visit enriched students’ understanding of wetland ecosystems, biodiversity, and conservation challenges.

We are thankful to our K.T.S.P Mandal’s honorable Principal of Hutatma Rajguru Mahavidyalaya, Rajgurunagar Dr. S. S. Pingale to allowed academic visit.

Subject: Request to permission for organize field visit to Bhigwan bird sanctuary....

Respected Sir,

As per above mentioned subject, we are going to organize one day field visit to Bhigwan bird sanctuary. This visit is compulsory as per the syllabus of Savitribai Phule Pune University.

The purpose of this visit is to enhance students' knowledge of biodiversity, bird conservation, and natural ecosystems through real-life observation and learning. This educational visit will help students gain practical exposure and environmental awareness.

The proposed field visit is planned on 23rd January 2026, with S.Y. BSc. & T. Y. B. Sc Zoology Major students.

I kindly request you to grant permission for organizing the above-mentioned field visit.

Thanking you.
