The student to student interaction was conducted by T.Y.B.Sc students of Department of Zoology to the F.Y.B.Sc on 18th October 2022 on the topic of Life cycle of malaria parasite (*Plasmodium vivax*). In our field of education students at center and their holistic development is the main objective. For that we use different student centric methods like student to student face to face interaction. This interaction helps to new admitted F.Y.B.Sc students to know that confidence is very important for everyone at each stage of life. This activity useful for to improve confidence level, problem solving and thinking.

T.Y.B.Sc representative and 20 Students of F.Y.B.Sc interact to each other in this activity organized by Prof. D. N. Birkhade, Head Department of Zoology. This activity helps to students for build up their confidence and bright future.
