As part of the curriculum prescribed by Savitribai Phule Pune University for S.Y. B.Sc. Major students, it is mandatory to gain practical exposure through a visit to a pathology laboratory under the VSC (Medical Laboratory Techniques) subject. In this context, the Department of Zoology organized a one-day educational visit on 20th September 2025 to Nidan Pathology Laboratory, located at Rajgurunagar. A total of 12 students participated in this visit, guided by Prof. D. N. Birhade and Prof. D. R. Borahde.

This visit aimed to enhance students' understanding of laboratory practices, diagnostic techniques, and the integral role of pathology labs in the medical field.

Nidan Pathology Laboratory is a reputed diagnostic center in Rajgurunagar, founded and managed by Dr. Sudhir Blalerao. The lab is well-equipped with advanced technology and provides a wide range of diagnostic services including hematology, biochemistry, microbiology,

histopathology, and molecular diagnostics. The lab maintains high standards in testing accuracy, quality control, and patient care.

During the visit, Dr. Sudhir Blalerao, the founder and owner of Nidan Pathology Laboratory, personally addressed the students. He welcomed everyone and provided detailed information on various aspects of laboratory science. He explained:

- The importance of pathology in clinical diagnosis.
- An overview of sample collection, processing, and analysis.
- Common diagnostic tests and their medical significance.
- Working of automated analyzers and manual techniques.
- Challenges in maintaining accuracy, hygiene, and safety.
- Quality control protocols followed in diagnostic laboratories.
- The role of pathologists and lab technicians in disease detection and treatment.

His session was highly informative, interactive, and inspiring for students considering careers in healthcare or diagnostics. He also encouraged students to stay updated with new technologies such as molecular diagnostics and digital pathology.

The visit to Nidan Pathology Laboratory, Rajgurunagar, under the guidance of Dr. Sudhir Blalerao, was extremely educational and enriching. His valuable insights into laboratory techniques and the importance of diagnostics greatly enhanced the learning experience.

Such field visits are essential in connecting academic learning with practical application, thereby strengthening student understanding and skill development in life sciences.

Subject: Request to permission for visit to Pathology lab & Blood Bank ...

Respected Sir,

As per above mentioned subject, we are going to organize visit to Pathology lab & Blood Bank on 20<sup>th</sup> September, 2025. As per the syllabus of Savitribai Phule Pune University, this study visit compulsory to S. Y. B. Sc Zoology Major students. Because of this visit Students will know the various laboratory techniques and practical knowledge about blood bank setup. This visit should be Informative and useful to students.

So please accept our request and give permission to organize this visit.

Thanking You.

Subject: - Request to visit the Nidan Pathology Lab.....

Respected Sir,

We kindly request your permission to arrange an educational visit to Nidan Pathology Lab on behalf of the Department of Zoology, for our Second Year B.Sc. students (Zoology), studying under the Savitribai Phule Pune University.

As per the academic guidelines, a pathology lab visit forms an integral part of the curriculum. We propose to conduct this visit on 20th September 2025, under the supervision of our teaching faculty.

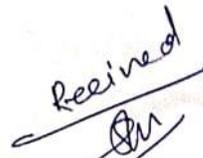

We believe that the visit will help students to observe and understand real-time pathological processes and enhance their practical knowledge and interest in the field.

We request you to kindly grant us permission and extend your cooperation in this academic activity.

Thanking you.
