| 7      | Activity belongs to which Criteria of NAAC | Criteria - III                                 |

To reinforce the importance of community involvement and as part of social responsibility activity, Department of Botany organized a visit to “Nirmal Balvikas Sanstha, Pimpri-Budruk, Chakan”, an orphanage functioning for the welfare of abandoned children. The visit was aimed to sensitize students about the weaker sections in the society. The students of T.Y.B.Sc. Botany participated in this visit. The visit was planned and executed by the teaching staff consisting of Dr. K.M. Nitnaware (Head of the Department), Dr. Sangeetha J.S. and Prof. P.D. Kad

The group of staff and students reached the orphanage by 12.00 pm. The administrator of the institute explained us about the functioning of the institute. A total of 35 boys were there who were all school going and college going students. They had an interaction session with the staff and students. Our group donated a sack of Jowar for them which they accepted with gratitude. The inmates introduced themselves and later, everyone sat for having refreshments. Our students served Idlis to them which they had brought. After that, some fun activities were conducted for them, which included games like ‘Bucket Ball’, ‘In- Out’ etc. All of the children participated in the games with much fervor. Pencils and chocolates were distributed amongst the participants. Everyone had a great time. The main motive of the visit was to meet the socially deprived section in our community and to develop in the students, the sense of empathy and responsibility towards the weaker sections in our society. After spending a few hours with them, the group returned back with a great memory and with a committed mind to contribute to the less privileged community.
