Department of ZOOLOGY

Academic Year 2020-2021.

Report on visit to rural remote village to promote & encourage Sericulture

As zoology is principle subject at T. Y. B. Sc. level we running very excellently, along with this academic pursuing students from F. Y. B. Sc. and S. Y. B. Sc. level. The faculty organizes a one day visit along with local residence of students and lab colleagues with our zoology lab teaching faculty.

In above mention in one day visit on 8th June 2021, we actually visit to Commercial Sericulture project of multi-voltine breed located at Donde. This breed is economically important and gives earning and knowledge from lab to land studies.

Sericulture syllabus is actually framework at S. Y. B. Sc. level by Savitribai Phule Pune University. So, it is easy to access practically in field as a commercial along all stages eggs, larvae, pupa and adult which will helpful for people and actual theory base practical to easy learning.

The purpose & significance of such academic visits to extend share the ideas views in agriculture ecotourism and their sustainable economical development. In such visit the academic faculty also learn the root cause problem s & the issues of annual yielding capacities, improvement.

We are thankful to our honorable principal Dr V. D. Kulkarni to allow and giving permission to academic quarantine visit.

Prof. D. N. Birkhade.
