Activity Report

Identification and Support of Slow and Advanced Learners

Academic Year: 2024–25

Class & Semester: F.Y.B.Sc. – Semester I

Date of Activity: 8th August 2024

As part of the academic enrichment initiative, the Department of Chemistry conducted an assessment test on 8th August 2024 for First Year B.Sc. (Semester I) students to identify slow learners and advanced learners. The primary objective was to provide targeted academic support based on individual learning needs.

Participation:

A total of 40 students appeared for the test. Based on their performance:

- 19 students were categorized as Advanced Learners
- 21 students were identified as Slow Learners

Remedial and Enrichment Strategies Adopted:

- **For Slow Learners:**
 - Additional assignments were provided to reinforce key concepts.
 - Personalized academic attention and mentoring were offered to improve their understanding and performance.
- **For Advanced Learners:**
 - A curated question bank with challenging problems and conceptual questions was provided to encourage deeper learning and academic excellence.

Outcome:

This activity helped in recognizing student learning diversity and enabled the department to implement differentiated instructional strategies. It encouraged inclusive learning and fostered academic development tailored to each student group's needs.
