The Department of Mathematics and Statistics organized a Sudoku Competition on September 4, 2026, with the objective of enhancing logical reasoning, analytical thinking, and problem-solving skills among undergraduate students. The event witnessed enthusiastic participation from students of F.Y.B.Sc., S.Y.B.Sc., and T.Y.B.B.A. (C.A.). The competition aimed to test the participants quantitative aptitude, logical thinking, and speed in

solving challenging Sudoku puzzles within a stipulated time limit. As a logic-based number-placement puzzle, Sudoku provides an excellent opportunity to develop mathematical reasoning, concentration, and accuracy. The participants demonstrated great enthusiasm and determination, with accuracy serving as the primary criterion for evaluation.

The event was a resounding success, offering students a valuable platform to showcase their abilities and engage in healthy academic competition beyond the conventional classroom setting. The Department of Mathematics and Statistics extends its heartfelt congratulations to the winners and expresses sincere gratitude to all participants for their active involvement and enthusiastic participation. Such co-curricular activities play a significant role in strengthening critical thinking and analytical skills, which are essential for academic excellence and future careers in science, Mathematics, and Statistics.

### **Winners**

First- Vedika Pramod Garud (S.Y.B.Sc.)

Second- Shrushti Vilas Manjare (S.Y.B.Sc.)

Third- Shruti Vilas Manjare (S.Y.B.Sc.)
