REPORT ON VISIT TO KONKAN (Tarkarli)

Sr. No.	Item	Particulars
1	Date	18- 19 February, 2024
2	Name of Event	Tarkarli Aquatic Diversity
3	Venue	Tarkarli (Devbag)
4	Time	8.00am to 8.00pm
5	Duration of the programme	2 Days
6	Expense	2800
7	Source of Financial Assistance	Self
8	Name of resource person	-
9	Name of coordinator	
10	Number of participants	13 students + 4 staff
11	Copy of the programme	-
12	Curricular/Co-Curricular/Extra-Curricular	Extra-Curricular
13	Activity belongs to Which Criteria of NAAC	III rd

A study tour was organized for T. Y. B.Sc. students on 18th February 2020 to 19th February 2024 by the Department of Zoology, Hutatma Rajguru Mahavidyalaya, Rajgurunagar. A total of 13 students, 04 faculties participated in the tour. As part of the syllabus of Savitribai Phule Pune University, the study tour was organized and through this, the students were exposed to rich faunal diversity of Costal area and Costal locality. The tour programme was planned for two day under the leadership of HOD, Prof. D. N. Birkhade, Prof. Dr. S.V. Theurkar, Prof.D. R. Borhade, Prof. Y.K. Dumbare.

Rajgurunagar

Tarkarli (Scuba, Sea Safari, Ganesh mandir, Rock Garden)

Sindhudurga

Devbag

Rajgurunagar

Devbag Beach

First day we visit to Devbag Beach, the sea water is very clear. The beach is surrounded by lush greenery & surrounded by the beautiful nature. The loose sediments, scarce freshwater & highly saline conditions are difficult to live for plants but few species live. Students collected different types of shells & Hermit crab, starfish and various type of **Bivalve** observed on beach.

Devbag sangam is nothing but the confluence of the Karli River and the Arabian Sea. This sangam makes the beach more lovely and beautiful. The beach sand will be white and surrounded by water from three sides. The clear blue sea water, the mangrove trees and exotic bird species makes the beach more enticing.

As Tarkarli (Devbag) is a scuba destination of Maharashtra, It is best to know the basic scuba diving, so that you can explore many things under the sea.

Rock Garden

Next, we visited to Rock Garden. The Rock Garden in Malvan is a unique creation made entirely of rocks. It features sculptures, pathways, and seating areas made from stones and shells. Here stunning rock formations observed, & The rocks are really huge.

Jai Ganesh Temple

Next we visited to *Ganesha* temple which is the beautifully architect temple, the temple is designed and built in a typical Maharashtrian style. Here we attended *Arati* of lord Ganesha. The main idol appears to be with the consorts (Riddhi and Siddhi) and is made of gold.

Second Day 19 Feb 2024

On Second day place near Devbag , We first took the boat for a 1 hrs. in that time Period we Our boatman took us various attractive and biodiversity point:

- ***Sangam, point:*** Confluence of the Karli River and the Arabian Sea. This *sangam* makes the Area more lovely and beautiful.
- Sea Bird island: The island become visible after some time passes in morning and then you can see Seagull birds although this place is for bird.
- Crocodile Point: The thing is, there are no crocodiles there but it is called so, because when you look at this point from a distance, it looks like an alligator.
- Nivati Rock
- Golden Rock: a rock that turns golden when sunlight falls on it.
- Dolphin point: It is very close to Tsunami Island and visitors are taken by boats to the point.

Tsunami Island

Then we visited the tsunami island. Tsunami island appeared in the year 2004 when tsunami waves hit the Indian ocean. It is located in the delta of the Tarkarli River near devbagh. The beach is near the island and gets partly submerged in the water during high tide and monsoons.

Sindhudurg Fort:

This historic fort is situated on an island off the coast of Malvan. It was built by the Maratha ruler, Chhatrapati Shivaji Maharaj, and is known for its architectural marvels and scenic surroundings.

After a successful field visit all of us returned at Mahavidyalaya Campus and then dispersed. The tour gave a good exposure to biodiversity for everyone and was a good study experience.

We are thankful to our K.T.S.P Mandal's honorable Principal of Hutatma Rajguru Mahavidyalaya, Rajgurunagar Dr. S. S. Pingale to allowed academic visit.

Subject: Request to permission for two days study tour...

Respected Sir,

As per above mentioned subject, we are going to organize two days study tour at Tarkarli Aquatic Diversity on 18-19th February, 2024. This visit compulsory to T. Y. B. Sc Zoology students. In this study tour 12 students of T. Y. B. Sc and 05 Faculty members will be participated.

So please accept our request and give permission to organize two days study tour.

Thanking You.

Yours Faithfully,

Prof. D. N. Birhade
