Code battle competition

- Date Of The Program** :- 25/09/2023(Monday)
- Venue** :- BSc (Comp.sci.)Lab, Hall .no. 06
- Target Group** :- F.Y.Bsc (Computer Science)
- No of Participants** :- 30 Students
- Coordinator** :- Prof. A.P.Kulkarni

On 25/09/2023(Monday) Prof.A.P.Kulkarni and Prof.S.A.Randive organized Code battle competition for F.Y.Bsc (Computer Science) students. This competition serves as an excellent platform for students to hone their coding skills. By tackling a diverse set of coding challenges, they not only improve their knowledge of programming languages and data structures but also enhance their problem-solving abilities.

Successfully solving coding challenges in a competitive environment boosts students' confidence in their skills and prepares them for real-world coding tasks and job interviews. These competitions provide opportunities for students to connect with like-minded peers, instructors, and even potential employers. Winning or performing well in such events can also be a significant resume booster. In conclusion, the Code Battle Competition not only tests the mettle of our students but also equips them with invaluable skills and experiences that extend well beyond the competition.

All Students of F.Y.Bsc (Computer Science) actively participated and enjoyed this activity .All staff members of Bsc.Computer Science Departments are successfully managed these Activity.
