The department of Botany conducted one day visit to Agri – Expo (ARENA), Moshi on 25th March 2022 for the students of T.Y.B.Sc. class. Four teaching faculty, Dr. K. M. Nitnaware, Dr. Sangeetha J.S., Prof. P. D. Kad, Prof. R.V. Mechkar. and 12 students participated in the visit. The expo was at an open ground near the agricultural market, Moshi. The expo was divided into various sections like Vatika, Agri- inputs, Waste Water Management etc. Different types of agricultural equipments and tools were exhibited there and the volunteers explained their working and uses. One of the stalls was dedicated only for turmeric cultivation using vertical farming. Students and the teachers cleared their doubts with them. Stalls of floriculture, tissue cultured plants, biofertilizers and nano-fertilizers, bio-pesticides, agricultural products etc. were also there. Students got the information on a new techniques like use of drone to automate fertilizer application pesticide spraying and field tracking. The students got information about several new methods of pest eradication. Several types of irrigation systems also were displayed which ensured better irrigation without much water loss. The exhibition was found to be really useful for everyone. The students were exposed to the newer techniques involved in the field of agriculture.

Four students of T.Y.B.Sc. Botany and four teaching staff of Department of Botany, Hutatma Rajguru Mahavidyalaya, Rajgurunagar attended one day Hands-on training on “Techniques of Molecular Biology” at the Directorate of Onion and Garlic Research centre, Rajgurunagar. The training was conducted on Saturday, 26th March 2022. The training was under the aegis of Scientific Social Responsibility (SSR) of DST funded project on “Development of male sterile lines in Onion (*Allium cepa* L.) through targeted mutagenesis of AcMSHI gene”.

The program started in the seminar hall with the registration process at 9.30 am. An introduction to the course was later given by the Principal Investigator, Dr. S. Anandhan. It was followed by lectures combined with power point presentations. The first lecture was on ‘Molecular insights into basics of life’ delivered by Dr. Tushar Manape. It was followed by a lecture on ‘Introduction to PCR and Gel electrophoresis’ given by Mr. Dhananjay Shirsat. Later, Dr. Soumia P.S., Scientist of Entomology department delivered lecture on ‘Molecular dimensions of Insect Taxonomy’. The last lecture of the morning session was by Dr. Pawan Mainkar on the topic ‘Introduction to Bioinformatic tools’. All the lectures were found to be very much informative.

The lecture series was followed by the hands-on-training. In the first wet-lab session, DNA isolation was conducted from Onion following CTAB method. All the students were given opportunity to individually extract the DNA.

After a short lunch break from 1.00 to 1.30 pm, the training continued. The next stage of training was on PCR and Gel electrophoresis. The students got opportunity to handle different equipments like PCR machine, Microcentrifuge, Vortex machine, Electrophoretic apparatus, Gel Doc etc. Each and every steps in the DNA extraction, amplification and Gel electrophoresis were explained in detail by the faculty of the lab.

The group also got an opportunity to visit the plant tissue culture lab of the institute. The group visited media preparation room, inoculation room and culture room. The students got familiarized with equipments like Autoclave, Laminar air flow chamber etc. and also could observe tissue cultured plantlets at various stages of development.

The training session concluded with the valedictory ceremony where students and teachers gave their valuable feedback. All the participants were presented with certificates by the hands of Director of DOGR, Dr. Major Singh. Prospects of future collaborative works between Department of Botany and DOGR were discussed. Later, there was a group photo session and the program concluded. By 5.30pm, the group returned back to college. The training program was found to be greatly enriching which provided lots of new experiences.

Report

The Department of Botany organized an exhibition "BOTANIKA-2022" based on the theme Botany and Environment on 4th May 2022. All the teaching and non teaching staff of Department of Botany conducted the exhibition. A total of 13 students of T.Y. B.Sc. Botany, 12 students of S.Y.B.Sc., 9 students of F.Y.B.Sc. and an alumni of the department prepared the various projects on display.

The exhibition was inaugurated at 10.30 am by the hands of Chairman of Khed Taluka Shikshan Prasarak Mandal, Hon. Adv. Devendraji Buttepatil in the presence of Hon. Pratapraoji Takalkar (Vice-Chairman, KTSPM), Balasaheb Sandbhor (Member, KTSPM), Satish Naikare (Member, KTSPM), Dr. S.S. Pingale (Principal), Dr. V.D. Kulkarni (Vice-Principal, Science faculty), Mr. K.R. Pacharne (Registrar), Dr. S.B. Suryawanshi (Head, Dept. of Chemistry) and Prof. D.N. Birhade (Head, Dept. of Zoology).

A total of 15 projects were on display which included Cultivation of *Spirulina*, Herbal Soaps, Ran sampada, Say No to Plastics, Traditional and Rare Pickles, Biofertilizers & *Azolla* cultivation, Vertical Garden, Terrarium, Kokedama, Microgreens, Herbal Juice, Herbal tea, Aroma Candles and Rain water harvesting. Bonsai prepared by the past student were kept for selling. Students collected the information of rare medicinal plants commonly used by the tribal people and displayed their medicinal property.

The distinguished guests went through the displayed projects with much enthusiasm and curiosity and asked in detail about the preparation, uses, cost-effectiveness etc. of the various projects. The scope of the project with respect to its entrepreneurship value and in creating job

opportunities was also analyzed and appreciated. The hard work done by the students to put up the projects was highly appreciated by the team. They also gave invaluable suggestions. The Chairman of KTSP Mandal, Hon. Adv. Devendraji Buttepatil suggested that the students must pursue their projects forward, make necessary improvements in them and must take steps to start marketing of the products. The Vice-Chairman suggested that production of biofertilizers, herbal soaps, herbal juice etc must be done on large scale, so that society can get benefitted from those. The principal suggested that a workshop on the making of various herbal products can be organized by the department so that the knowledge gets properly dissipated among the society also. The team appreciated the efforts taken by the department and encouraged to conduct such innovative programmes in the coming years also.

The exhibition saw a huge rush of visitors. Faculties from the various departments of the college visited the exhibition stalls. A large number of students showed their presence and took firsthand experience.

The projects were evaluated by judging committee consisted of Dr. V. D. Kulkarni (Vice-Principal, Science faculty) and Dr. S.B. Suryawanshi (Head, Department of Chemistry). The committee scrutinized each and every projects on display and considered various criteria like creativity, originality, scientific innovation, value for society etc. for evaluation. Three projects were selected unanimously by the judges for award.

The best project award was given to "Spirulina cultivation". Second prize was given to "Herbal Drinks" and third prize to "Biofertilizers". Certificates and mementos of the winners were distributed by the hands of Chairman, Hon. Adv. Devendraji Buttepatil, Vice-Chairman, Pratapraoji Takalkar, Secretary, Haribhau Sheth Sandbhor, Principal, Dr. S.S. Pingale and Registrar, Mr. K.R. Pacharne. They congratulated the winners and wished them best in their future studies and activities.

Feedback was taken from those who attended the exhibition. Everyone appreciated this unique activity carried out by the department.

Field Visit to AMUL Dairy

The department of English organized a field visit (Industrial visit) to AMUL Milk Plant on 14th May, 2022 at 11:30 a.m. AMUL Dairy is located at Chandoli, Tal.Khed, Pune. The trip was organized by Prof. Dr. V. Y. Raskar and Prof. Dr. S. S.Mande

The following stages of the process were elaborated to the students:

1. The overall operation of the plant Comprised of various stages such as processing, packing, supplying and marketing. Every day the milk collected in nearby villages is brought to AMUL Dairy through tankers. The milk is initially checked for quality and then pumped to large milk containers located in the plant.
2. The dairy plant also houses a laboratory where the milk sampled at various instants, is tested for quality and quantity at regular intervals. All the milk is pasteurized and supplied in various sizes (500 ml,1000 ml,5000 ml).Currently the milk is supplied in five variants. Some portion of the milk is used to obtain ghee, butter, buttermilk, Lassi, paneer, ice-cream, flavored milk etc.

All the students had an opportunity to know the operations of different processes using varied techniques employed in a dairy plant.

Department of Mathematics conducted one day field visit for the students of T.Y.B.Sc. on 9th February 2022 at Vigyan Ashram, Pabal. Vigyan Ashram is a center of 'Indian Institute of Education, Pune', established by Dr. S. S. Kalbag in 1983. It is a modern version of the old Gurukula systems of simple living and high thinking. The study tour started from the college campus at 10.00 am. Head of Mathematics department arranged the tour. Total 8 students were participated in this tour. Mr. Arun Deshpande gave the information about the project which was

completed in Vigyan Ashram through presentation. After then he shown the instruments of ongoing projects and told idea behind that. The main focus of their work is on ecofriendly technology. He shows various projects such as Dome drier, Hygiene box, Composter, Fish tank, Fab lab, Sprouting machine, and Electric Rickshaw etc.

Introduction:-

On the 9th Feb 2022, our department of mathematics (Hutatma Rajguru Mahavidyalaya, Rajgurunagar) organized a field visit to "Vigyan Ashram" at pabel area which is near to Khed Taluka.

We total Eight students participated in this tour with our teacher.

This journey started from our college campus at 10:00 am. The distance from our college campus to "Vigyan Ashram" is approximately 20 km. We reach that place i.e. at "Vigyan Ashram" nearly 10:50 am.

At that place we meet Mr. Arun Deshpande who works there. Firstly he introduced himself to us, after that we went with him to the hall. At that place he gives the basic information about the projects that conducted by "Vigyan Ashram" with the help of PPT presentation. The main purpose of "Vigyan Ashram" was to remind us, but the importance of science and technology. They have the various concept of projects for the students but the major focus was on to innovate and ecofriendly, and helpful to environment. So that students could figure out what they want to do in future. If they were to choose this as a career option.

This field visit opened our eyes towards the fact that technology, new innovations, new project, making better place.

lifestyle for us after that Mr. Deshpande gives us some extra information about modern science that how it works? How its helpful for us, etc. He told us that,

" Science is not only knowledge but also the learning process through experiments and observations. he shows us some projects that they were currently working on them. those projects like Fish tank, Dome prior, Hygiene box, composter which are made by their students.

There were so many activities and the seminars so that everyone could try different things. then he showed us the "Fab Lab" of there Vigyan Ashram. so many students work and perform there new projects in that lab. they innovate some new models which are useful in our day to day life.

out of these all, their main innovations, are composter, sprouting machine and the electric Riksha.

Then we went to the biotechnology lab. So many different innovations which are helpful to agriculture and farmers get performed and innovated! by this lab they also innovate new type of plants which gives more grains to the farmer. He also gives some extra information about composter that how it works. These all experiment were performed by there

Students under Mr. Arun Deshpandes guidance, their students also working on the azola plant which is useful feed for fishes.

This visit gives lots of knowledge about science and technology. These students also work on soil i.e. their pH level etc.

Acknowledgement

- In the first instance, I would like to thank to our principal Mr. V. D. Kulkarni for the permission to go for this field visit.
- Then after, I would like to thank Wajal mam for their valuable guidance and advice.

Whole world is suffering from the COVID-19 disease from December 2019 to till today. Since it spreads through contact with affected patients and its growth is of exponential order so it is necessary to avoid contact with such patients. Also it is necessary to have all information about vaccinated people near us. Therefore the Department of Mathematics conducted a social survey to collect the information of vaccinated families near us. Eight students of T.Y.B.Sc. did this survey for which they selected various villages from Khed tahsil like Chandoli, Rajgurunagar,

Takalkarwadi, Dhamni, Dhore Bhamburawadi etc. In this survey it is observed that the majority of people took the first dose of vaccination and some people take both doses. But few people have fear in their mind about side-effects of vaccinations. Hence there is a need to educate people about the importance of vaccination. Prof. R. M. Wayal guides students to this survey.

1. Title of Survey :-

- Getting information of 10 families living near you about COVID-19 vaccination.

2. Introduction:

Corona virus is a group of viruses. They have been described as "COVID-19". A disease that can cause a number of serious illness, from simple cold to middle east Respiratory syndrome and acute Respiratory Syndrome. "vaccination survey have become important for learning remedies to prevent affection of "COVID-19" virus purpose of the survey is to collect information about vaccination.

3. OBJECTIVE OF SURVEY :-

Getting information about how many families living around you have been vaccinated ?

4. IMPORTANCE OF SURVEY :-

Increasing number of corona patient in society led to the need to conduct surveys. this survey confirms general information about COVID-19. Aim of the survey to inform peoples about health care and need of vaccination against corona virus. In such critical situation which is facing whole world.

5. Method of survey :-

➤ Gathering information through face to face interview.

6. Finding and analysis :-

Family Number	family member	Number of person below 18	Number of person above 18	1st dose	2nd Dose	Both Dose Completed
1.	5	2	4	✓	✓	✓
2.	4	1	3	✓	X	✓

7. Conclusion :-

My this social survey about vaccination against 'covid-19' virus concludes that there is no any specific way to prevent spread of H5N1 virus. many peoples are not properly aware about need of vaccination. Number of peoples are refusing to inject vaccine because after vaccination many peoples faced fever, cold & body pain for 2-3 days. some family members are not taking vaccine because by their opinion this vaccine directly affect human internal system like m-RNA, In future vaccine will create dangerous effect on body there are many rumours about vaccination.

8. Suggestion:-

Everybody should take care of own self & otherself for this wash your hands frequently with soap or handwash gel. Avoid close contact with sick peoples. and do not touch / rub your hand to eyes, nose and mouth. washed hand reduces the risk of infection. when you are suffering coughing, sneezing use handkerchief. and wipe

your nose and hand, to reduce risks of
contracting the disease.

Both covid-19 vaccination dose are necessary
it will help you to fight against 'covid-19'
all of above mentioned suggestion should keep everybody.

everybody should take care of own self and otherself. For this wash your hands frequently with soap or handwash gel. Avoid close contact with sick peoples. and donot touch / rub your hand to eyes, nose and mouth. washed hand reduces the risk of infection. when you are suffering coughing, sneezing use handkerchief.

and wipe your nose and hand, to reduce risk of contracting the disease.

Both covid-19 Vaccination dose are necessary it will help you to fight against 'Covid-19'.
all of above mentioned suggestion should keep everybody.

DEPARTMENT OF Zoology
A.Y. 2021-22

**One Day Hands on Training on "Techniques of Molecular Biology" at
DOGR, Rajgurunagar**

Five students of T.Y.B.Sc. Zoology and two teachers of Department of Zoology, Hutatma Rajguru Mahavidyalaya, Rajgurunagar attended one day Hands-on training on "Techniques of Molecular Biology" at the Directorate of Onion and Garlic Research centre, Rajgurunagar. The training was conducted on Saturday, 26h March 2022. The training was under the aegis of Scientific Social Responsibility (SSR) of DST funded project on "Development of male sterile lines in Onion (*Allium cepa* L.) Through targeted mutagenesis of AcMSHI gene". The training program started in the seminar hall with the registration process at 9.30 am. An introduction to the course was later given by the Principal Investigator, Dr. S. Anandhan. It was followed by lectures combined with power point presentations. The first lecture was on 'Molecular insights into basics of life delivered by Dr. Tushar Manape. It was followed by a lecture on 'Introduction to PCR and Gel electrophoresis' given by Mr. Dhananjay Shirsat. Later, Dr. Soumia P.S., Scientist of Entomology department delivered lecture on "Molecular dimensions of Insect Taxonomy' and 'DNA barcoding'. After that the morning session was concluded with the lecture by Dr. Pawan Mainkar on the topic Introduction to Bioinformatic tools'. All the lectures were found to be very much informative. The lecture series was followed by the hands-on-training. In the first session, Isolation of genomic DNA from insect sample (*Helicoverpa armigera*) using CTAB method. All the students were given opportunity to individually extract the DNA.

After a lunch break from 1.00 to 1.30 pm, the training continued. The next stage of training was on PCR and Gel electrophoresis. The students got opportunity to handle different equipments like PCR machine, Microcentrifuge, Vortex machine, Electrophoretic apparatus, Gel Doc etc. Each and every steps in the DNA extraction, amplification and Gel electrophoresis were explained in detail by the lab faculty.

The students also got an opportunity to visit the plant tissue culture lab of the institute. The students got familiarized with equipments like Autoclave, Laminar air flow chamber, etc. The training session concluded with the valedictory ceremony where students and teachers gave their valuable feedback. Prospects of future collaborative works between Department of Zoology and DOGR were discussed. All the participants were presented with certificates by the hands of Director of DOGR, Dr. Major Singh. Later, there was a group photo session and the program concluded. By 5.30 pm, the group returned back to college. The training program was found to be greatly enriching which provided lots of new experiences.

available for next one month because we have to conduct Audit.
So, I gave reference to him to go to this place for internship, so
that's why I am sending this letter to you.

Kindly give permission to him and give completion letter after
completion of internship.

Thank you,

Yours Sincerely,
Kamlesh Kale.
