REPORT

A Guest Lecture on “**How to Develop Soft Skills**” was duly conducted on 07/11/22 at 10:45 am at Hutatma Rajguru Mahavidyalaya for **TYBCOM students**.

The event was organised by Dr. G. M. Dhumal (H.O.D), followed by insights given by Prin. Dr. S. S. Pingale and vote of thanks given by Prof. R. N. Katore.

Mrs. Jyoti Waghchaure, (Magic Bus India Foundation) was the key speaker of the awareness programme organised. She focused on the need to create a general cognizance among the students as to how one can develop soft skills from a young age. Soft skills are abilities and attributes that make a person effective in working with others. They often feel intangible and subjective. Soft skills aren't always taught directly in the classroom, but they can be learned and improved upon over time. They may be better identified as transferable professional skills because they are needed in every industry at every level.

Mr. Bhushan Kudale highlighted that there has been a misconception that the only thing required to work in the Social Sector is the will to make a difference. While passion is definitely important, people also require the right kind of knowledge, expertise, tools, and skills in order to work effectively in the Development Leadership and Management space. While the hard skills that one needs may vary from role to role, it is essential for everyone in the space to have the requisite soft skills.

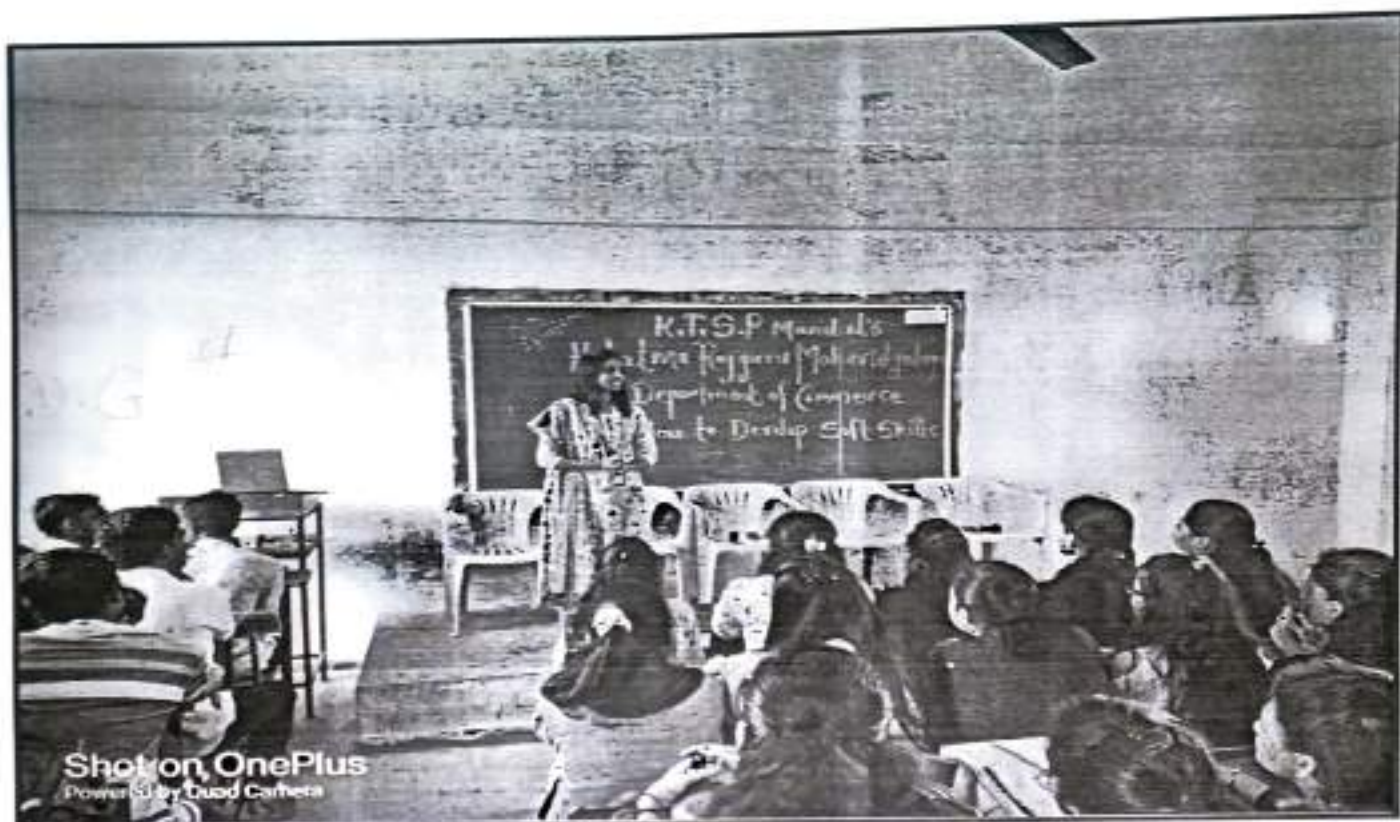

A total of 93 students attended the lecture and actively asked questions. Under the guidance of Dr. S. S. Pingale (Prin.) & Prof. G. M. Dhumal (H.O.D), Prof. R. N. Katore, Prof. K. M. Surve, and other Professors of the Commerce Department were present during the guest lecture too.

ICT CELL REPORT (A.Y. 2022-23)

Report on Static Web Designing using HTML and CSS

ICT Cell organized a two day workshop on "Static Web Designing using HTML and CS" on 28 January 2023 and 29 January 2023 at department of Computer Science and vitthalraoji Buttepatil Sabhagruha of Hutatma Rajguru Mahavidyalaya, Rajgurunagar. This workshop has been conducted for Arts, Commerce, Science, BCS and BBA(CA) Students. This workshop has been coordinated by Prof.A.P.Kulkarni.

The session was conducted by Prof.S.A.Randive, Prof.Y.J.Patangade and Dhanshri Waghole. In this workshop students acknowledged a complete knowledge of "Static Web designing using HTML and CSS". In these workshop students were aware about types of CSS i.e. internal CSS and External CSS. It gives us a way to interact with hosted information, like websites. Static Web technology involves the use of hypertext markup language (HTML) and REST, SQL, PHP and many more. Total 300 students were participated in this workshop.

In this workshop the students were introduced to topics HTML5, REST, CSS and all HTML tags including image tag, scrolling tag, header, and footer as well as basic HTML tags. Students got an idea how to create static web app. All the students really appreciated the contents that were discussed, they realized that interactions like these can help them improve their learning. This workshop was very useful for not only for IT students but also non-IT students as they are aware about how to develop a static website. Students showed keen interest in attending more workshops like this in future.

Literature and Cinema

Literature has been a way of artistic expression for centuries now. Writers have told tales about gods and goddesses, heroes and their valiant victories, historical epics, romantic tragedies, comic incidents, legendary episodes, and much more. Cinema is by far doing the same thing for quite a few years now. One major strong point in cinema, which is absent in the literature, is the advantage of visually showing the whole picture on the screen that helps the audience connect with the moment more closely. In the past century there were cinema, television, and computer graphics but now, there are operas transferred to a format of the comic book, a picture which comes to life, a cosplay etc. Literature has been a way of artistic expression for centuries. Writers have told tales about God and Goddesses, heroes and their fearless victories, comic incidents, historical epics, romantic tragedies etc. Cinema has been doing the same thing for quite a few years now. One major strong point in cinema which is absent in literature is the advantage of visually showing the whole picture on the screen that helps the audience to connect with the movement very closely.

REPORT

A Guest Lecture on **"Women's Health Awareness"** was duly conducted on 17/10/22 at 09:15 am at Hutatma Rajguru Mahavidyalaya for **TYBCOM students(female students)**

The event was organised by Dr. G. M. Dhumal (H.O.D), Dr. P. P. Oswal, followed by insights given by Prin. Dr. S. S. Pingale and vote of thanks given by Prof. R. N. Katore.

Dr. Sneha Bhondve, (PHC, Chandoli) was the key speaker of the awareness programme organised. She focused on the need to create a general cognizance among the female students ranging in the age group of 18 and above years old.

Dr. Sneha highlighted the importance of following a balanced lifestyle, a balanced diet and doing exercise amidst our daily routine. Consumption of packed foods, aerated drinks and having a lethargic attitude towards life are signs of an unhealthy and unfit body. "As future leading females, we must take care of our bodies and minds whilst competing with the world!" said Dr. Sneha. The alarming rates of increasing % of PCOD, PCOS, unhygienic menstrual cycles, Infertility is a matter of concern among today's generation and changes to adopt a healthy lifestyle must be adopted at the fastest.

A total of 151 female students attended the lecture and actively asked questions. Prof. G. M. Dhumal (H.O.D), Dr. P. P. Oswal, Prof. R. N. Katore, Prof. K. M. Surve, and other Professors of the Commerce Department were present during the guest lecture too.
