## **Report on Film Screening and Appreciation Programme**

The Language Lab Cell of the college organized a Film Screening and Appreciation Programme on 17<sup>th</sup> and 18<sup>th</sup> February 2026 with the objective of encouraging students to understand films as an important medium of learning and creative expression. The programme was inaugurated by the Chief Guest, Prof. M. L. Muluk, who spoke about the need to watch films with awareness and insight rather than as mere entertainment. He emphasized that films can convey powerful messages and help develop a broader perspective. Dr. D. M. Markad also addressed the gathering and guided students on adopting a critical and thoughtful approach while watching films. Students from various departments actively participated in the programme, with a total of 54 students attending the screenings. Three films—Finding Nemo, WALL-E and Coco—were selected for the event. Each film presented meaningful themes such as resilience and trust, environmental awareness and the importance of family and memory. The screenings were followed by interactive discussions in which students shared their opinions and interpretations, reflecting their analytical thinking. Dr. V.Y. Raskar coordinated the programme, welcomed the guests and introduced the purpose of the event. The inaugural session concluded with a formal vote of thanks proposed by Dr. S. S. Mande, who expressed gratitude to all those involved in making the programme successful. Overall, the Film Screening and Appreciation Programme was both informative and engaging. It provided students with an opportunity to view films from a new perspective and enhanced their ability to critically appreciate visual media.
