

Innovation and Incubation Committee

- **Attended a workshop** at SPPU on 14th Feb. 2025 under the Innovation and Incubation initiatives.
- Promoted students to **participate in the Olympiad 2025**.
- **Five students** participated in the **Start-up Program** as part of fostering innovation and entrepreneurial mindset.

Report on Student Participation in Startup Olympiad 2025

As part of the institution's ongoing efforts to encourage innovation and entrepreneurship among students, five students from our college participated in the Startup Olympiad 2025, organized under the aegis of the Innovation and Incubation Lab (IIL), Savitribai Phule Pune University (SPPU). The students submitted their startup ideas through video pitches, which were evaluated based on three main criteria: 1. Problem & Solution – Clarity in problem identification and effectiveness of the proposed solution. 2. Team Effort – Dedication and collaboration demonstrated by the team members. 3. Presentation Skills – Confidence, clarity, and coherence in presenting the idea.

This participation highlights the college's commitment to nurturing entrepreneurial skills and promoting active involvement in university-level innovation platforms.
