## Report on Film Screening and Appreciation Program

The Language Lab Cell of Hutatma Rajguru Mahavidyalaya organized a "Film Screening and Appreciation Program" from 12th February 2024 to 14th February 2024 at the English Language Laboratory. This event was designed to help students from various departments develop a better understanding and appreciation for cinema. Throughout the program, a total of 57 students participated, engaging in the screening of animated English movies and then discussing their thoughts on the cinematic elements and themes presented. The event was coordinated by Prof. V. Y. Raskar, with Dr. S. S. Mande facilitating dialogues among students about the respective films and providing insightful critiques post-screening. Three animated English movies were showcased during the program: "Coco," directed by Lee Unkrich, which takes viewers on a captivating journey into Mexican culture and explores themes of family and tradition; "Rio," directed by Carlos Saldanha, which transports audiences to the vibrant streets of Rio de Janeiro and celebrates friendship and courage; and "Minions," directed by Pierre Coffin and Kyle Balda, offering a fun-filled adventure with lovable yellow creatures on a quest for a new master. The following animated English movies were showcased during the event:

Coco - Director: Lee Unkrich (screened on 12<sup>th</sup> February 2024)

The movie takes you on a special journey into Mexican culture, focusing on family, traditions, and the magic of music. It tells the story of Miguel, a young musician who goes on an incredible adventure in the Land of the Dead to uncover secrets about his family's history.

Rio - Director: Carlos Saldanha (screened on 13<sup>th</sup> February 2024)

This film transports you to the bustling streets of Rio de Janeiro, Brazil. It follows Blu, a pet macaw, as he discovers his true self and experiences love amidst the vibrant city. With its colorful characters and stunning visuals, "Rio" celebrates friendship, bravery, and the beauty of nature.

Minions - Directors: Pierre Coffin, Kyle Balda (screened on 14<sup>th</sup> February 2024)

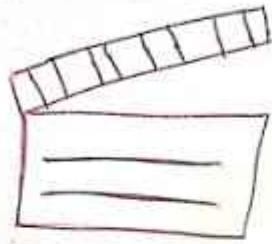

This movie offers a charming peek into the world of the adorable yellow creatures. Serving as a prequel to the "Despicable Me" series, it follows Kevin, Stuart, and Bob as they embark on a hilarious journey to find a new villainous master. Filled with laughter and heartwarming moments, "Minions" is a delightful adventure suitable for all ages.

These screenings provided students with valuable insights into storytelling techniques, character development, and the cultural significance of cinema. The interactive discussions led by Dr. S. S. Mande encouraged critical thinking and deeper engagement with the films.
