Subject: Regarding Conduction of Library Orientation Programme

Respected Sir,

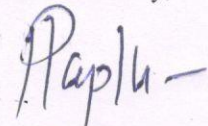

Library is compared to the heart of an educational institution. It supports the needs and thirst of the users of the institution. The goal of an education institution is to support the teaching and research needs.

The main objective of the user orientation is to introduce the library facilities, resources, services and library techniques to the users. The orientation programme makes the users familiarize with the resources and increases the use of libraries.

On this purpose Student Induction Cell and Library Department (KRC) of Hutatma Rajguru Mahavidyalaya conducts a Library Orientation class for all newly admitted students from Arts, Commerce, Science, Computer Science and Computer Application. The class was conducted by Librarian Mrs. Poonam Tapkir for different classes on different days. Librarian introduced the complete Library systems and the books to the students.

As part of our commitment to serve our users in an effective way for supporting their information and research needs. Library offers for our users to learn more about library and its resources.

Yours Faithfully,

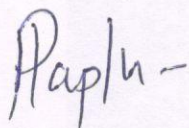

MISP.V. Tapkir

Introduction	Library orientation programme helps students to provide better services to its users, it is the responsibility of the institute's library to make information sources, services, and resources readily available for use and easily accessible to its users.
Objectives	To introduce the library facilities, resources, services and library techniques to the users.
Summery	It becomes very difficult sometimes to effectively access, identify or recover information at the library without instructions or guidance which would have credibly aided one learning, teaching or research. Library orientation helps these groups of library users to adapt to the system or know how the library operates its activities within the institution and make good use of its services
